

Curio

**Wonder. Create. Explore
Be Curious.**

A S.T.E.A.M. (Science, Technology, Engineering, Art and Mathematics) inspired exploration hub in Barrie, ON. Providing resources and exhibits designed to promote inquiry-based learning while encouraging creativity, innovation, collaboration and critical thinking.

In preparation of our fall launch, we are taking our Build Hub to the community and would be thrilled to join in on your next event!

Featured exhibits include:

Feltro, an exciting system of magnetic felt tiles that allow children to manipulate and adapt them into various objects and structures. Feltro magnetic tiles combine the worlds of play, design and creativity

Imagination Playground, a block system that invites children to express their creativity with unstructured free play. Children can transform their environment and design a course all of their own
